A 12 week course

Thursday evenings 7pm-9pm

There is a desperate need for Godly Christian husbands in families, churches and our society today. God has given husbands the awesome mandate of leading their families. What a privilege - what a responsibility!

This course will help husbands to fulfill their role as God intended.

Presented by Dr James Glanville

The course is based on the book “The Exemplary Husband” by Dr Stuart Scott.

The course is designed to help husbands to focus on their walk with God, by examining what God’s Word says to husbands.

The course is thoroughly biblical and intensely practical as it considers the standard of godliness established for Christian husbands.

The course looks at the “what, why and how” of being the best husband possible.
